

Theta Chi Assisting Hand Scholarship

The Delta Beta Chapter of the Theta Chi Fraternity is proud to offer, for the third time, three \$1,000 scholarships to be awarded to individuals that embody the core values of the Theta Chi Fraternity, namely, volunteer service, scholastic excellence, and community leadership. The Theta Chi Assisting Hand Scholarship, named after our Greek motto, intrinsically represents the spirit of every Theta Chi brother. By extending our own “assisting hand” to the scholars and community leaders identified through our application process, we hope to inspire the recipients to continue to serve his community and his university with the same altruistic spirit that inspires each and every brother of the Theta Chi Fraternity.

The Theta Chi Creed calls upon all brothers to adhere to a set of virtues; most centrally, it advances the importance of helping those in need. The community of the Theta Chi Fraternity is not only dedicated to the improvement and benefit of its members, but also works to offer an assisting hand to the international community that its many chapters span, as well as to the many local communities in which those chapters are active. As such, this scholarship is designed to reward and promote the altruistic spirit of the Theta Chi Fraternity.

Answer one of the following prompts in 300-500 words, and attach a typed copy to your application:
